**WHY DID YOU BECOME A DENTIST**

I witnessed the transformation of a young woman through cosmetic dentistry

**BEST ADVICE YOU'VE RECEIVED**

Be authentic

**WHAT FASCINATES YOU MOST ABOUT THE HUMAN BODY**

The smile, which is the total center of expression

**WHAT LIFESTYLE CHANGE COULD MOST BENEFIT OUR HEALTH**

Good nutrition and introspection

**ALTERNATIVE OCCUPATION**

Life coach or photographer

**HOBBIES**

SCUBA diving, cycling

**PLACE YOU GO TO ESCAPE THE OFFICE**

The spa

**FRAMED PHOTO ON YOUR DESK**

My two daughters

**THE ARTISTRY OF DENTISTRY**

Dr. Amanda Canto has a real passion for **COMBINING ARTISTRY WITH DENTISTRY**. She says that when patients are considering a dentist for a smile makeover, "they should approach the experience as if they are hiring a fine artist to paint the most important portrait of their life." Dr. Canto says that whether she is working on a tooth-colored filling, or whitening discolored or yellowed teeth, or correcting worn or cracked teeth with porcelain veneers, she makes sure not only that the teeth and gums are as healthy as possible, but also that they are as aesthetically pleasing as possible. "Dentistry, and particularly **FULL MOUTH RESTORATION**, is an emotional thing for us and for the patient. We over-deliver and spend the quality time needed to make sure that all of **OUR SMILE 'PORTRAITS' ARE AS BEAUTIFUL AS POSSIBLE.**"

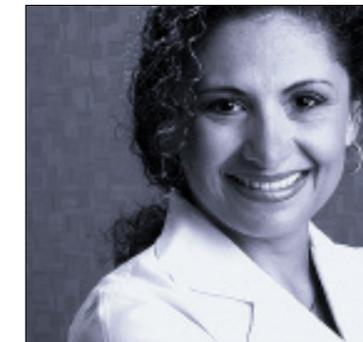

INSIDE INFORMATION

# transforming smiles

Dr. Amanda Canto has dedicated her life's work to delivering great smiles, especially when it comes to full mouth restorations. "I believe that the smile is the total center of expression and most important source for communication," she says.

According to Dr. Canto, her cosmetic-oriented dental practice is distinctive because it strikes the right balance between her extensive experience in delivering artistic dentistry and her strong commitment to good communication. "The most important thing about choosing a cosmetic dentist is not only that patients feel confident in and comfortable with the dentist's training," she explains, "but also that they feel a solid connection with the dentist." Over the years, Dr. Canto says she has been able to transform peoples' attitude toward going to the dentist. "Building relationships and trust is one of the most important things we do here," she says.

Dr. Canto and her staff believe it is essential to listen to their patients and understand their needs and desires. Based in an elegant, modern office building, the staff works to educate patients, taking an active roll in their treatment. "Together as a team, we can accomplish the smile patients would like plus give them so much more," says Dr. Canto. "Patients may come here for composite bonding, deep bleaching or to be fitted for porcelain veneers, but they leave with a whole different view of themselves. The best part of our job is seeing how people find a new sense of confidence and well-being when they have a beautiful smile." 713-622-1977 or newbeauty.com/canto.
